

Aerosoft Bombardier CRJ7/9 Regional Hops Tour

Welcome aboard the CRJ tour celebrating the release of the
Aerosoft CRJ 700/900 Addon!

Join us as Fly Virtual does some heavy regional flying around the US starting with picking up our shiny new jet at the factory. We'll be flying 20 legs across the country on routes flown daily by 8 different carriers doing what they do – major to regional to major.

While this tour celebrates the new Aerosoft CRJ, please feel free to fly any regional jet or twin cooperate jet on the tour.

Scenery

Orbx includes 3 of the smaller airports in their [North America freeware airport pack](#), but you must have Orbx FTX Global installed.

There are several freeware sceneries available for a good number, if not all, airports from the usual sources, i.e. [Flyaway](#), [Avsim](#), [Freeware sceneries](#). (some are very nice)

Of course, there is payware for several airports on the tour.

Sign Up & Flying
